Questionnaire information

- 80 organizations from 4 countries – Czech Republic, Germany, Italy, Lithuania - answered the questions.
- Organizations were sent an online questionnaire with 23 questions on
 - the focus of their activities,
 - their organization's barrier, specifying what the barriers are,
 - volunteering in the form of a form, number of volunteers in organizations,
 - the existence of volunteers with any kind of disadvantage, handicaps,
 - activities for volunteers with disability or mental issues,
 - experience of cooperation between an experienced volunteer and a volunteer with a disability, and so on.

Area of focus of the organization

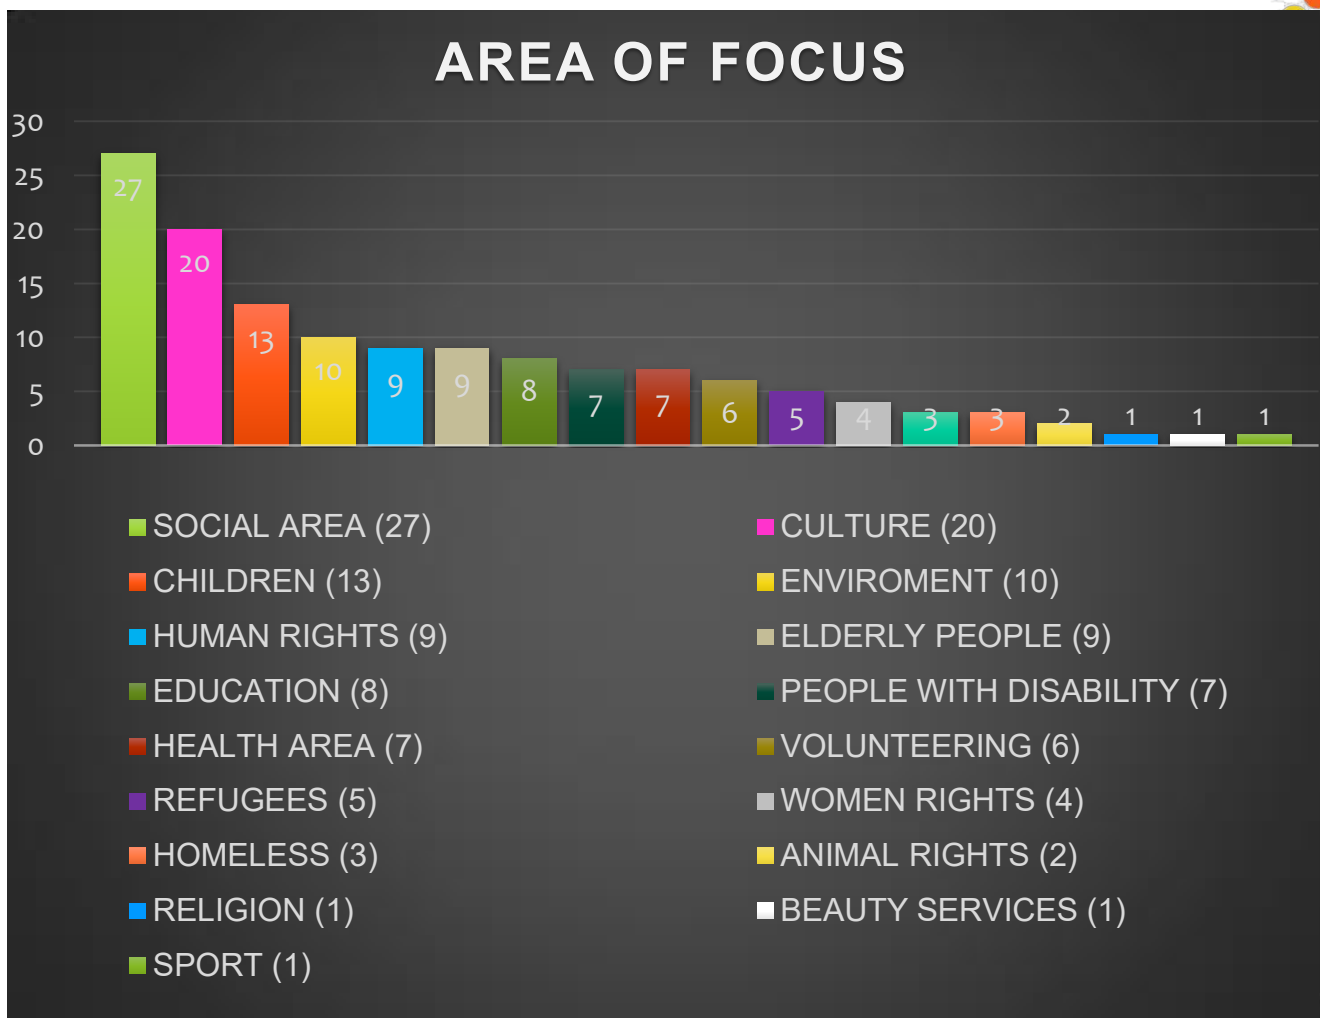

80 organizations from 4 countries completed the question.

Each nonprofit could write an area in which the organization feels it works.

Some NGOs filled only one area.

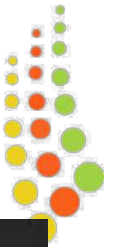

Some NGOs have filled multiple areas. The graph shows **which areas were filled in most often.**

Co-funded by
the European Union

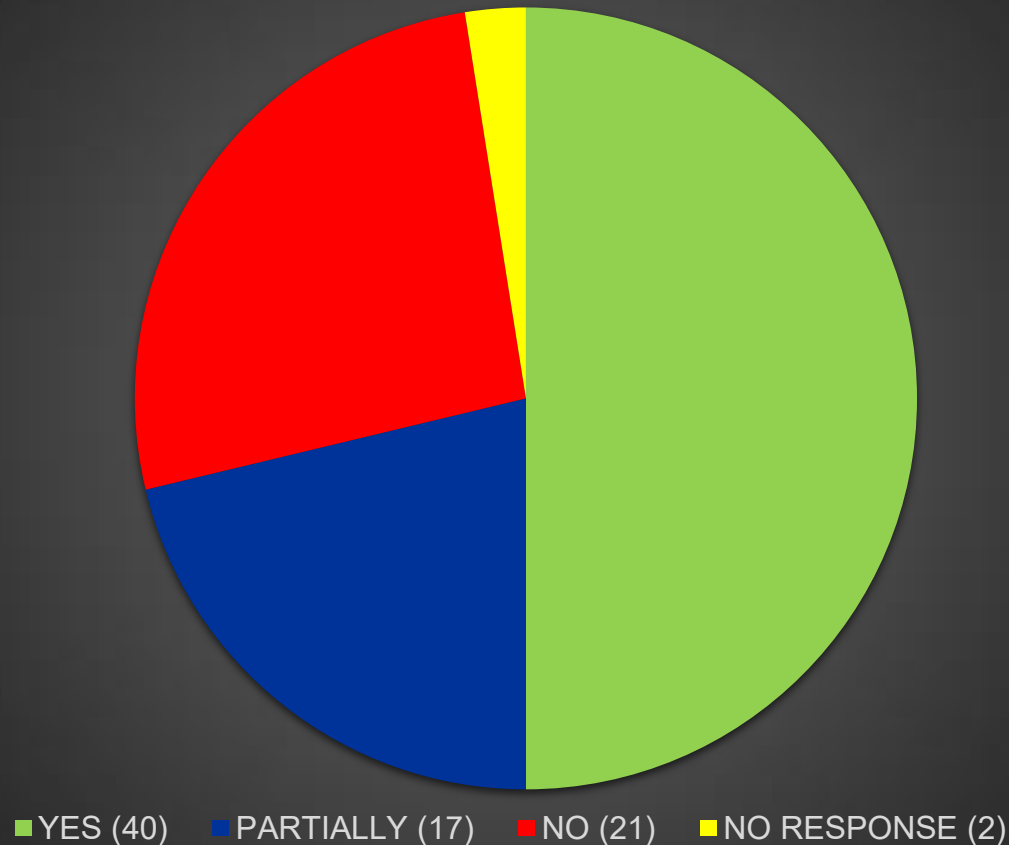

Are the organizations barrier-free?

80 organizations from 4 countries completed the question.

Organizations responded to the question **whether is the infrastructure of our organization barrier free, meaning accessible for people with physical disabilities.**

BARRIER-FREE ORGANIZATION

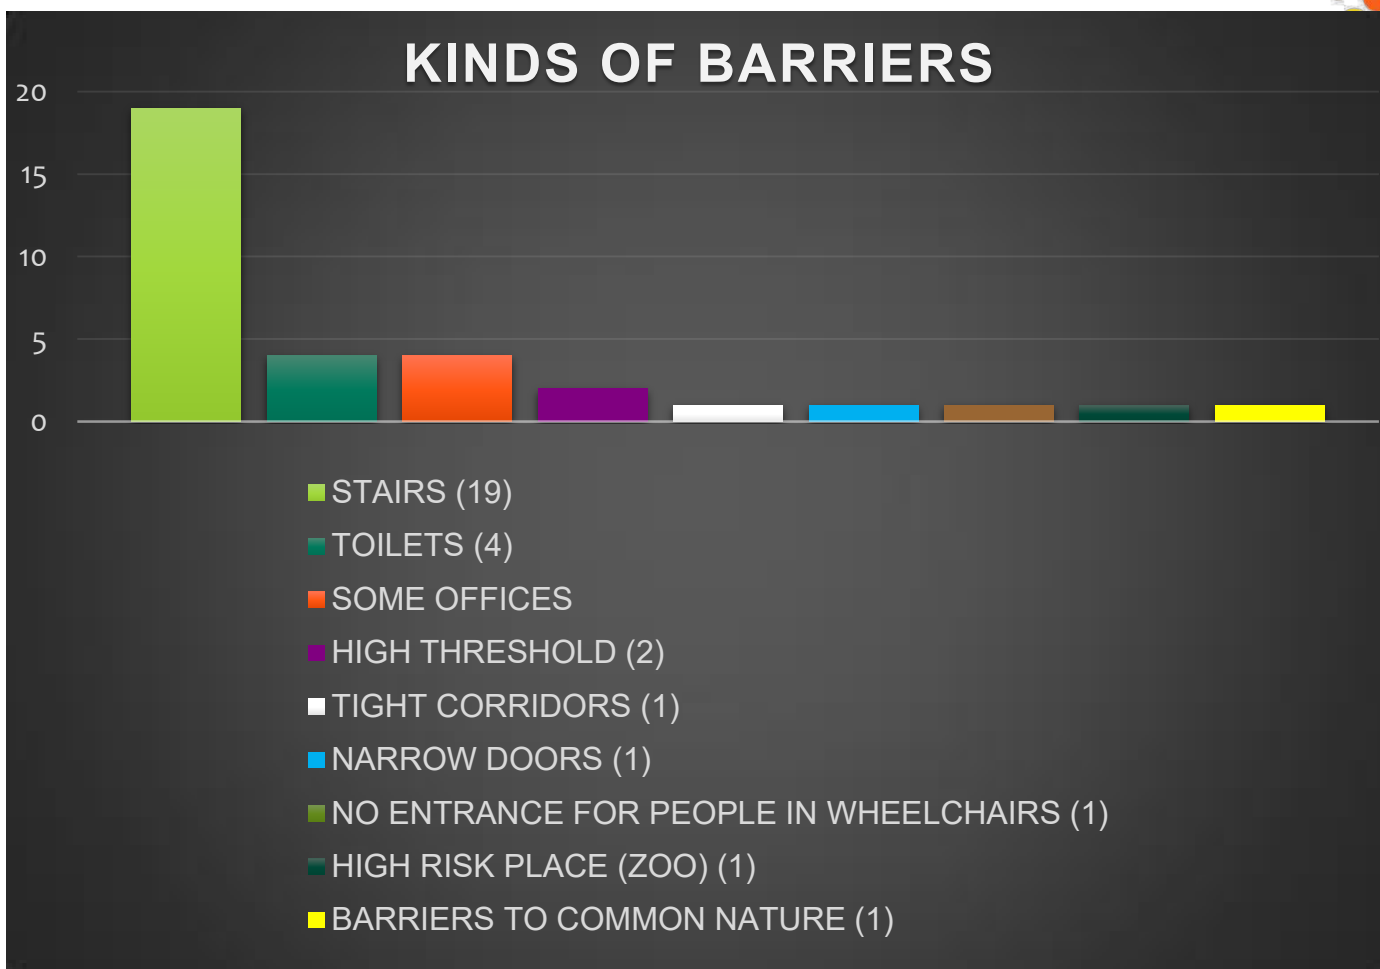

What kinds of barriers do you have?

40 NGOs are fully barrier-free. (A total of 80 organizations were interviewed.)

The remaining NGOs have at least a small barrier.

The most frequently barriers named shows the chart.

International volunteers

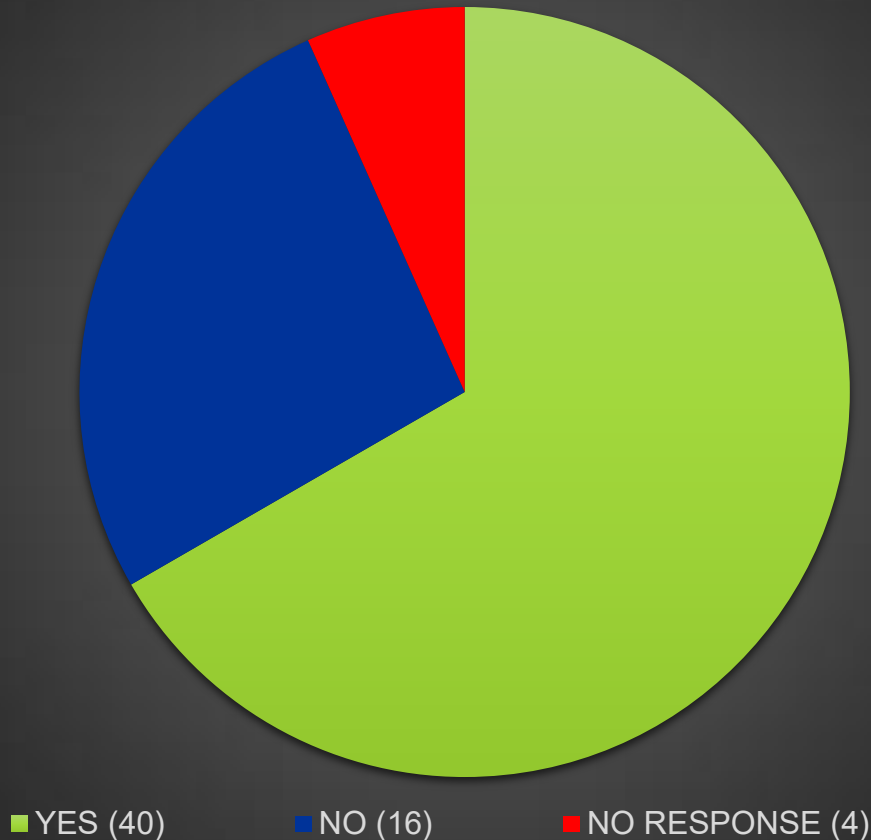

60 organizations from the Czech Republic, Germany and Lithuania replied to the question *whether organizations send or receive international volunteers*.

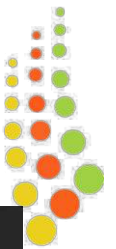

66.7% of NGOs are hosting or sending international volunteer.

26.7% of NGOs do not accept or send international volunteers.

We do not have information from NGOs from Italy.

INTERNATIONAL VOLUNTEERS

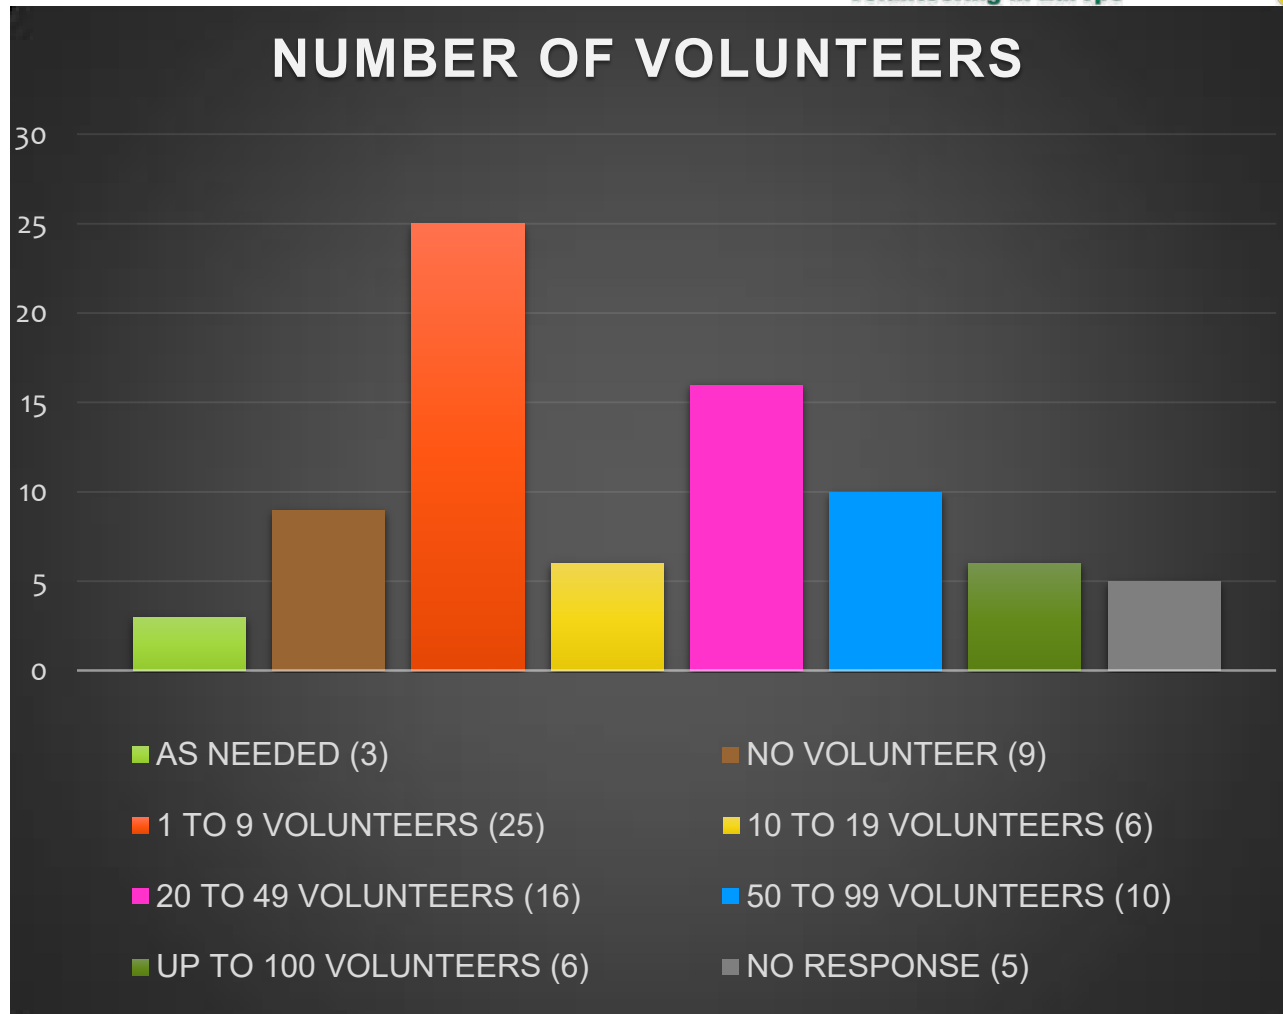

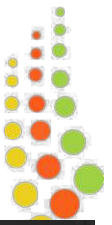

Number of volunteers in the NGOs

80 organizations answered the question *How many volunteers in total do you have within your organization?*

63 out of 80 NGOs (78.8%) have at least one volunteer.

The most common number of volunteers in an NGOs is 1 to 9 volunteers (25 out of 80 NGOs).

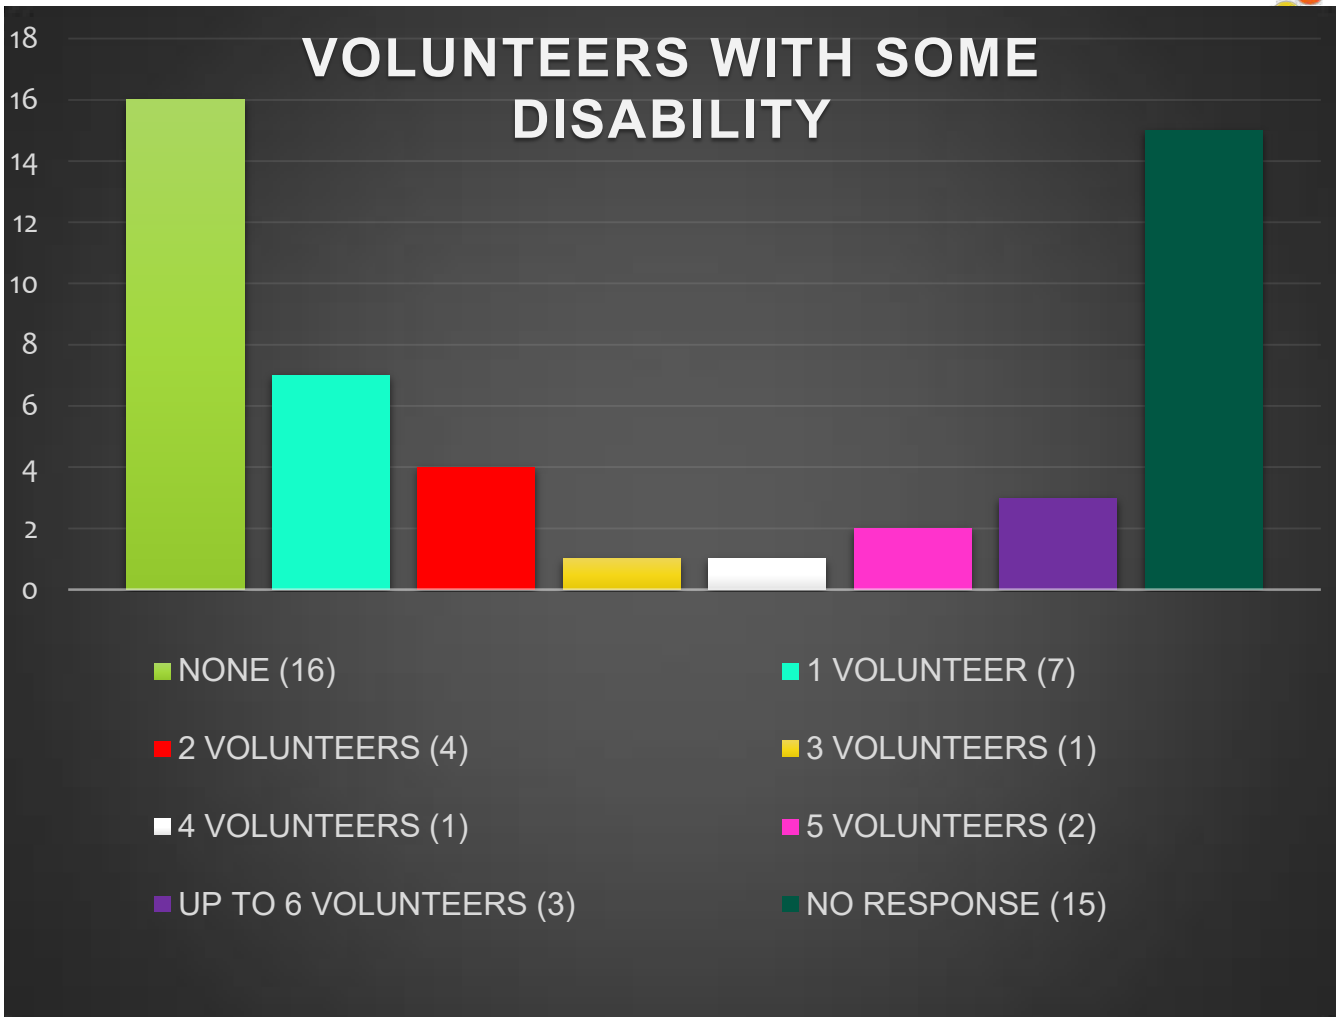

Number of volunteers with a disability

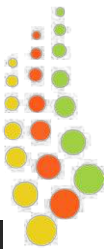

66 NGOs with volunteers answered the question **How many of them have a mental or physical disability or a mental health issue?**

16 out of 66 (24,2%) have no such volunteer.

15 of them (22,7%) did not want or could not answer the question. Organizations do not ask volunteers about their health.

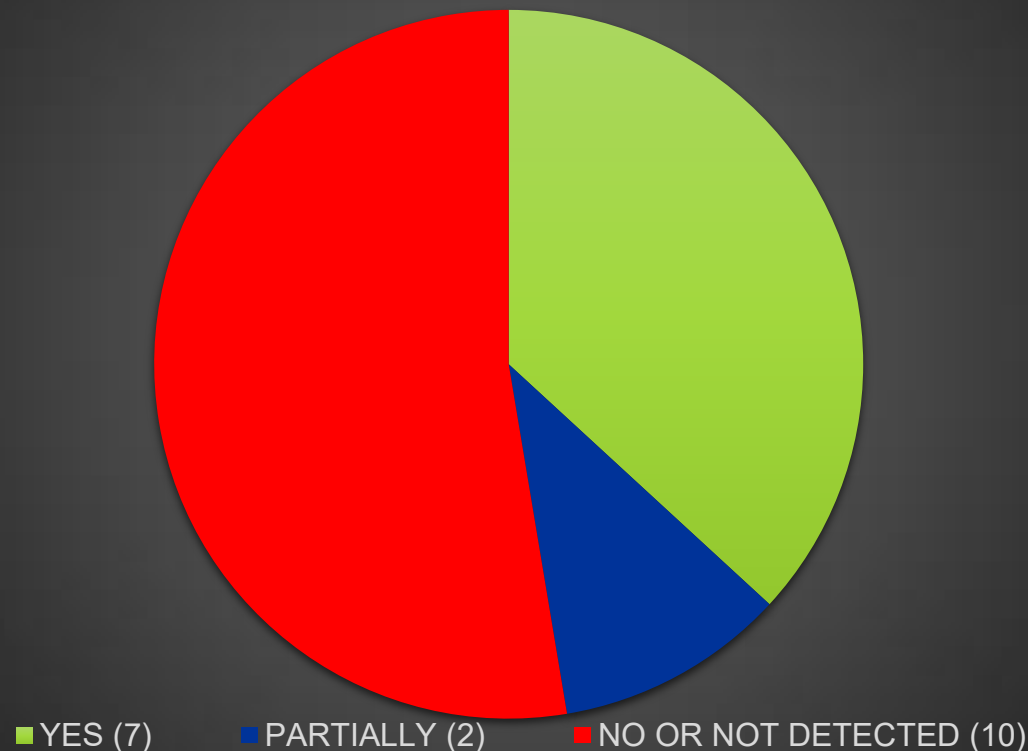

Inclusive volunteer client of the NGOs

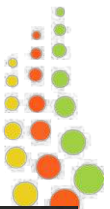

19 out of 80 organizations have at least one volunteer with any type of disability or health problem in their organisation.

These 19 NGOs responded to whether the inclusive volunteer was a **client of the organization**.

INCLUSIVE VOLUNTEER CLIENT ORGANIZATION

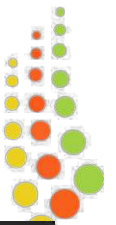

Inclusive volunteer who is not a client

14 NGOs have at least one disability volunteer who is not a member (or has not been identified).

These organizations *described how they recruited these volunteers.*

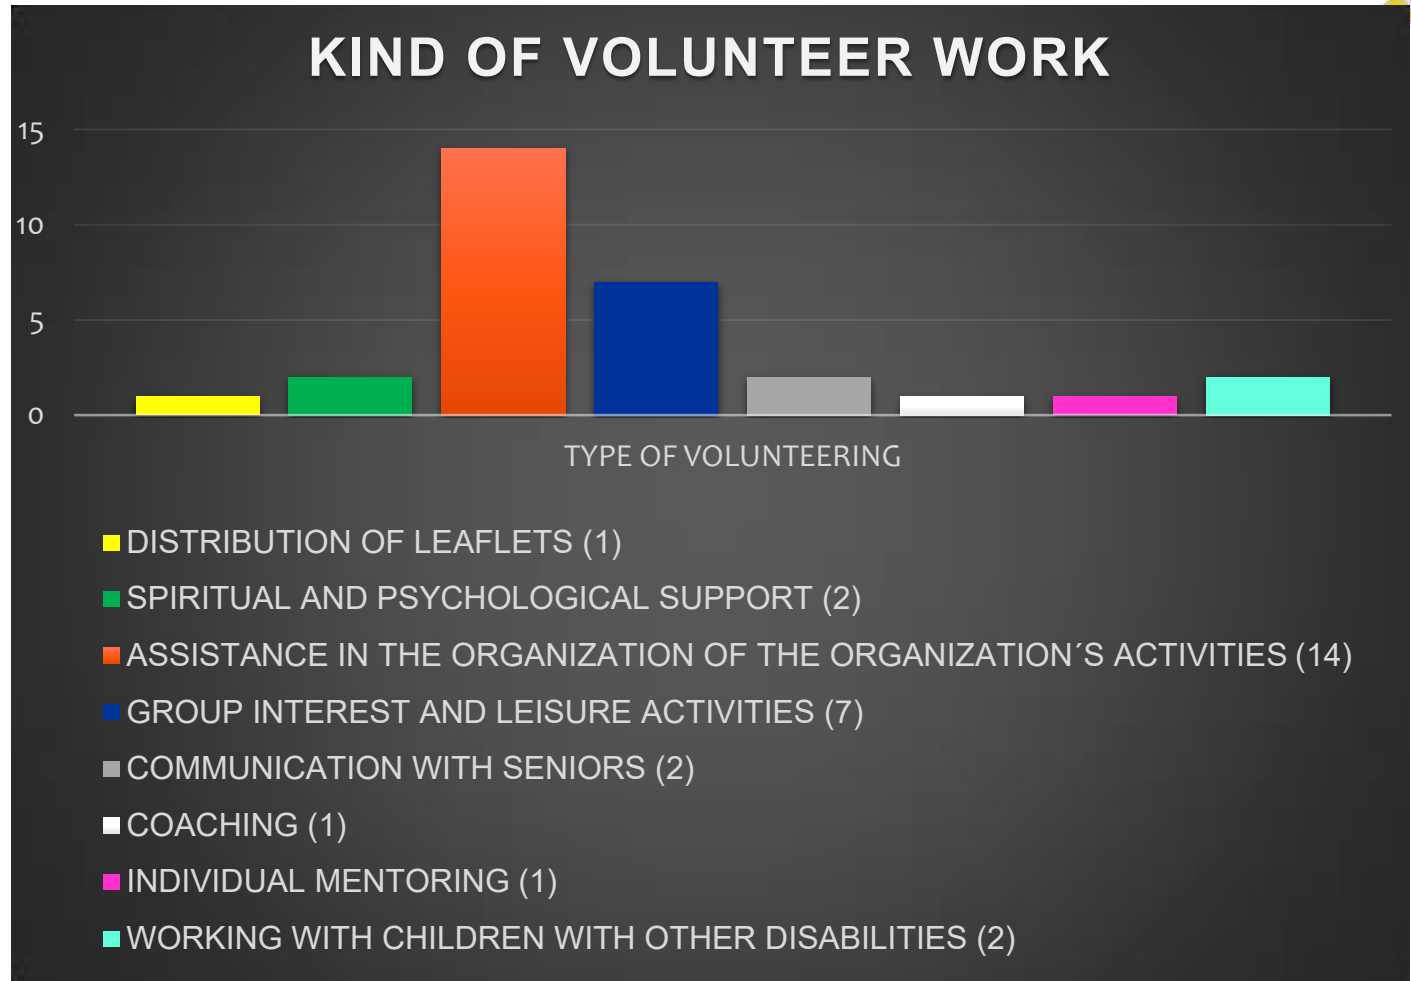

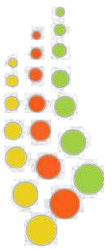

Kind of volunteer work

19 out of 80 organizations have at least one volunteer with any type of disability or health problem in their organization.

These organizations described **What kind of volunteer work they do?**

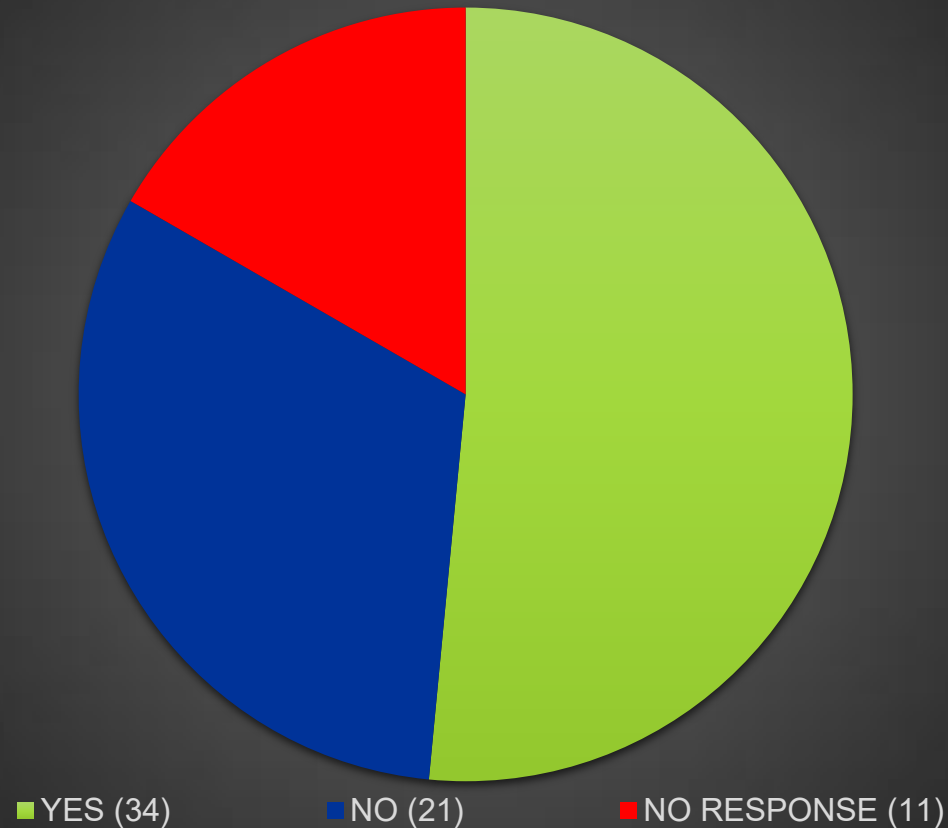

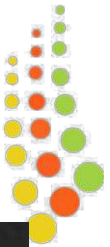

Do you have coordinator of volunteers?

66 NGOs with volunteers answered the question ***Do you have coordinator of volunteers?***

More than half of the NGOs (51.5%) said they had a volunteer coordinator.

VOLUNTEER COORDINATOR

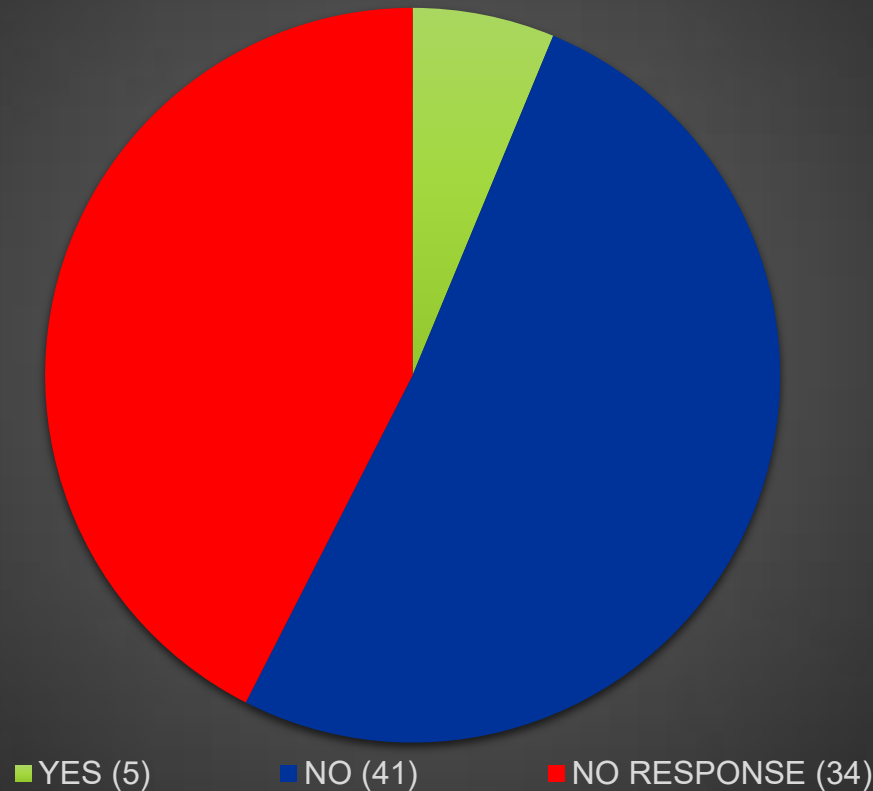

Methodology for involving volunteers

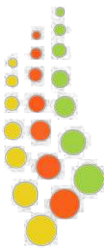

All 80 NGOs answered the question **Do you have a methodology for involving volunteers with disabilities?**

Yes answered only 5 NGOs (6,3 % of response).

METHODOLOGY FOR INVOLVING VOLUNTEERS WITH DISABILITIES

An experienced and a inclusive volunteer

All 80 NGOs answered the question ***Do you have experience of cooperation between an experienced volunteer and a volunteer with a disability?***

Yes answered only 10 organizations (12,5 % of response).
